During the last forty-seven years of post independence period, Bangladesh has gone through a variety of political situations. However, presently, a sound political atmosphere is prevailing in the country. Both the ruling and opposition parties are committed to the betterment of the country. Last democratic national assembly election and local council polls are instances of peaceful political situation in Bangladesh.

#### (b) Possible slowdown in economic growth in Bangladesh:

Our performance and growth are dependent on the sound health of the Bangladesh economy. The economy could be adversely affected by various factors such as political or regulatory action, including adverse changes in liberalization policies, social disturbances, terrorist attacks and other acts of violence or war, natural calamities, commodity and energy prices and various other factors.
